Greeters, Ushers & Security

Often the first person a visitor meets is an usher, greeter or parking security attendant. Upon that experience these visitors will judge the entire ministry of the church. Our actions can become a deciding factor whether individuals and families wish to return to our fellowship. Remember we are all the church.

Being on the First Impressions team requires a warm smile and a servant's heart. One must be comfortable in meeting and greeting church members and visitors alike.

Greeters duties include greeting people with a smile, assisting them in finding a seat, distributing information and answering any questions they might have. This is also a great opportunity for new members to get to know the team members.

This is an excellent service opportunity for husband and wives to serve together.

In addition to the above duties our usher and security teams take offering, ensure the safety of the building during services, help visitors, provide direction, guide traffic, unlock and lock doors and generally ensure that the service proceeds problem-free.
